

Dyna HQ Beeper

Dyna HQ Beeper

Beeper is suitable for installation at pedestrian crossings controlled by traffic lights in order to notify people to cross the road safely.

The beeper's power supply is taken in parallel from traffic signal aspects (lamps or LED) of the pedestrian green man where the device is connected, in order to avoid an misalignment between the traffic light and the sound signaling.

KEY FEATURES

- The device provides audio signals indicating that the pedestrian green man symbol is lit and that it is therefore safe to across the road.
- The device transmits an audible signal when the pedestrian green man traffic light symbol is switched on.
- Audible sound is produced such as a beep to indicate when it is safe to cross to assist the visually impaired people.

TECHNICAL SPECIFICATION

Voltages	230 v $\pm$ 15
Housing Material	Cold - rolled iron
Dimension	207 x 104 x 102 mm
Maximum Peak Work Power	$\leq 8W$
Maximum Average Work Power	$\leq 8W$
Beeper Rate (Green Light)	60 Times/MinI
IP Grade	P54

Dynamic Traffic System Sdn Bhd
No 52, Jalan Seroja 5D/2
Bukit Sentosa 48300 Rawang,
